THERA patient support[®] program

Personalized for you every step of the way

THERA patient support[®] is your dedicated team available throughout your TROGARZO[®] treatment journey. We know every patient has unique needs, that is why the THERA patient support[®] team is here to provide financial assistance, resources, and information regardless of the type of insurance you have. Once you have been enrolled, you will be matched with one of our professionally trained THERA Nurse Navigators who will assist in getting you started and staying on track with your TROGARZO[®] treatment. We know how important it is to get the medicine your doctor prescribed, that is why THERA patient support[®] is here to help.

Make sure your healthcare provider enrolls you in the THERA patient support[®] program so that you can benefit from all the services the program offers.

Not sure if you've been enrolled in the program?
Call 1-833-23-THERA/1-833-238-4372 and a THERA Patient Care Coordinator can assist you.

Benefits of the THERA patient support[®] program

Financial Assistance Program to help cover the cost of care

Commercial Insurance

If you have private or commercial insurance that you get from your employer or directly from a health insurance company – you may be eligible for THERA's TROGARZO[®] Co-Pay Assistance Program.

Government Insurance

THERA patient support[®] can provide information and resources that may be able to lower your out-of-pocket costs.

Patient Assistance Program

THERA's Patient Assistance Program offers qualifying patients THERA medications at no cost.

Nurse Navigator Support

Your THERA Nurse Navigator is your dedicated partner throughout your TROGARZO[®] treatment journey. Along with answering any treatment related questions, they will also set up bi-weekly calls to help you stay on track.

Treatment Coordination

Your THERA Patient Care Coordinator will arrange for your treatment to be given at a convenient location of your choice including:

- Your home
- Your healthcare provider's office
- A hospital/IV center nearby.

Thera patient support[®] —

How the program works

Once your healthcare provider has prescribed you TROGARZO[®], call THERA patient support[®] at 1-833-23-THERA/1-833-238-4372 and make sure you are enrolled in the THERA patient support[®] program.

A THERA Patient Care Coordinator will provide a welcome call. During the introductory call, they will assess your coverage options to minimize your out-of-pocket expenses as much as possible. Together, you will then coordinate with your insurance network, to decide where you will receive your bi-weekly treatments.

Once the THERA Patient Care Coordinator has confirmed your coverage and location for treatment, they will follow up with you after you've received treatment to make sure all your drug related questions and concerns are answered.

Once you start therapy, you will be paired with a professionally trained THERA Nurse Navigator who will support you throughout your treatment journey.

Patient confidentiality is important to us. All patient information will remain confidential. Information may be provided to your healthcare provider and specialty pharmacies when required to complete the enrollment process and coordinate patient assistance.

Call your doctor for medical advice about side effects. You may report side effects to the FDA at 1-800-FDA-1088 or to THERA patient support[®] toll-free at 1-833-23-THERA (1-833-238-4372).
